“ I just learned that Isabelle died earlier this year. My condolences to her family. I worked with Isabelle at the U.S. PHS Hospital in Baltimore with her. She was a wonderful mentor. She was a secretary in the psychiatry/neurology department, and I covered for her. She knew how to run that office with 3 physicians. She taught me how to be cognizant of the patient's needs, and taught me how to keep a neat meticulous office in her absence. We stayed in touch with Christmas cards with a note. This year when my card was returned I searched, and my heart is sadden that she has passed. Rest In Peace, Isabelle. Love, Bernice
