“ I just found out about Sue’s passing. I worked with Sue at BGE. Sue was a beautiful smart; hardworking person. Sue was easy going and fun. Sue would very fondly talk about family; Sue was a great and caring person.

*With deepest sympathy to her family and friends*

“ Susan was one of the kindest, sweetest of my Seton classmates. Quietly and often taking her place in the background her presence was supportive and steady for anyone who needed her. She will be missed, and our next reunion will hold the space for her to be honored.

“ Susan was one of the most beautiful people I ever met in my entire life. We grew up together and shared most of life's ups and downs. Sue was compassionate, kind, understanding, empathetic - all the beautiful traits all of us should have. I know you will be happy to be with all our family members we talked about so often at our luncheons. I will truly miss our ever growing 'friendship' and will carry you in my heart until we meet again. The world has lost your kindness and I am sadder for it
